

## **Pupil Premium 2014-2015**

### **What is Pupil Premium?**

Pupil Premium was introduced by the Department for Education (DfE) in 2011, as additional funding for pupils who receive Free School Meals (FSM), those who are Looked After Children (LAC) and those who are from service families. This is because the DfE has recognised that a good education is the key to improving young people's life chances. Addressing the disparity between rich and poor pupils is a top priority and the Pupil Premium for free school meals will provide additional funding specifically linked to the objective of boosting pupils' attainment.

The Pupil Premium, using additional resources from outside the School's Budget, is intended to address the current inequalities by ensuring that funding reaches the pupils who need it most. The DfE have agreed that it is for schools to decide how the Pupil Premium is spent. We are best placed to assess what additional provision should be made for the individual pupils within the school.

### **Pupil Premium at Purbrook Junior School**

At Purbrook Junior School, we want every child to achieve their very best. We strive to ensure that all children attain well and make good progress. Rigorous monitoring and tracking of all pupils helps us to identify any pupils not making good progress and help us to plan and implement effective personalised interventions in a well-structured and timely manner.

This academic year, we are trialling a 'Team Around the Child' approach, where three times a year a meeting takes place to discuss each child and their needs; whether academic or pastoral. This will involve lead professionals such as the Pupil Premium Leader, Pupil Premium Lead Teacher, Home School Link Worker, Emotional Literacy Support Advisor (ELSA), SENco, Year Leader and Class Teacher coming together to review each child's profile and to design a personalised plan.

This plan will be implemented and after a period of time, it will be reviewed formally in order to raise the academic achievement of pupil premium pupils. Furthermore, the review process will enable us to monitor progress, assess the impact of the provision and propose changes. As this process develops, we will invite parents with pupils in receipt of pupil premium to work in partnership to contribute to the 'Team Around the Child' meetings. Below is a summary of the range of activities and interventions that Pupil Premium has funded. This includes some new and discrete activities and interventions that we know support pupil progress and attainment.

### **Activities and Interventions**

- One to one tuition
- SENco time to implement individualised programmes of work
- Small group work for specific areas including spelling, handwriting, reading and mental maths

- Emotional Support involving pupils working in small groups, understanding and coping with the feelings of themselves and other as well as developing high self esteem
- Teacher led booster groups for reading, writing and maths
- Fostering and developing talents through music tuition and attendance at sports clubs
- Precision teaching for particular pupils
- Supporting pupils with activities such as school trips, after school clubs
- Lead professionals working in close partnership with colleagues to sustain high quality teaching and learning.

**Impact of Pupil Premium Funding in 2014-2015**

This year's SATs results show that the pupil premium gap has narrowed significantly from last year. Planning formats for both English and maths have changed to ensure that all groups of pupils are planned for according to their daily requirements particularly our disadvantaged children. There has been a much stronger focus on deepening the knowledge and understanding throughout the curriculum ensuring greater depth. This has led to improved outcomes for the vast majority of children.

There is a more coherent and strategic approach to the provision of Pupil Premium funding resulting in improved outcomes for Pupil Premium children. The Pupil Premium plans reflected the individual

needs of the child. This enabled everyone working with that child to have a common understanding of their learning needs. The progress for this group of children generally matches and in some instances exceeds the rest of the cohort.

The gap between Pupil Premium and Non Pupil Premium children has narrowed both in school and when compared to national data 2015, with the exception of reading.

Subject	National 2014	Purbrook 2014	National 2015	Purbrook 2015
