## Headteacher's message

Dear Parents/Carers

### COVID Update

Please can I remind adults that face covering must be worn whilst on the whole school site, not just if you are entering reception. There have been several instances recently where face covering have not been worn. We are, of course, aware that some adults have hidden disabilities and are unable to wear a mask. In this instance, please ensure that you are wearing your lanyard and it is visible, so that you are not challenged whilst on the school site.

Thank you once again for your continued vigilance and adherence to our control measures to try and keep our school community safe.

### Safeguarding Issue

It was brought to my attention this week that a parent had taken a photograph of a child (not their own child) on the school premises and then shared this photograph with the parent of that child. Whilst I understand that this was done in good faith, as the parent thought the child was unsupervised at our breakfast club (this has been investigated), it raised a more concerning safeguarding issue.

Under NO CIRCUMSTANCES should parents be taking photographs of children whilst on the school site. Any adults believed to have taken photographs will be contacted and could be barred from entering the school site in future.

If you see something whilst on the school site which concerns you, please come to the school office and report it immediately. This will ensure that the issue is investigated promptly and also keeps the children safe. Thank you.

### School Photographs

Please remember that it is school photographs on Monday. Yellow School Photographers will be taking the photos in a COVID secure way and it will not be possible for sibling photographs to be taken this year.

Year 6 have PE on Monday, but have been asked to come to school in their school uniform (see ParentMail message sent yesterday).
